

RULE 101. LAYING OFF-DEADHEADING.

When an engineer resumes service after laying off, he will be permitted to deadhead to the point where his assignment ties up and take his assignment at the end of the shift or trip, provided 60 hours have elapsed since his assignment was last brought on duty at home terminal. The Company will not be penalized in the application of this rule.

RULE 102. FIREMEN-SENIORITY DATE-PROMOTION.

a) Firemen shall rank on the firemen's roster from the date of their first service as fireman when called for such service, after having qualified.

b) Firemen shall be promoted to engineers as provided in the Company training program, and shall be accorded a seniority date of engineer as of the date they successfully complete the training program.

RULE 103. SENIORITY DATE ESTABLISHED.

As soon as a fireman is promoted will be notified in writing by the proper officer of the Company of the date of his promotion. When the date of promotion of a fireman has been established, such date shall be posted and if not challenged in writing within 60 days after posting, no protest against such date shall afterward be heard.

RULE 104. POSTING SENIORITY RANK.

The posting of notice of seniority rank, as per Rule 103 shall be done within 10 days following date of promotion, and such notice shall be posted on every bulletin board of the seniority district on which the man holds rank.
